

REMARKS

Applicant respectfully requests reconsideration of the present application in view of the foregoing amendments and in view of the reasons that follow.

Claims 1-44 are currently being amended.

This amendment changes the claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

After amending the claims as set forth above, claims 1-44 are still pending in this application.

In the outstanding office action, the examiner has rejected claims 1-44. Applicant has amended the claims to be directed to a configurable wireless modem including a wireless modem assembly into which a removable core module may be inserted. The modem assembly includes a standard interface which facilitates communication between the core module and a host device of the wireless modem. Different core modules used to configure the modem for different communication protocols and/or air interface standards. The standard interface is configured to allow the various different core modules to communication with the host device regardless of the communication protocol or air interface standard the core module supports. Nothing in the cite prior discloses or suggests a configurable wireless modem having a removable core module configured to communicate through this standard interface.

Applicant believes that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 06-1450. Should no proper payment be enclosed herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 06-1450. If any extensions of time are needed for timely acceptance of papers submitted herewith, Applicant hereby petitions for such extension under 37 C.F.R. §1.136 and authorizes payment of any such extensions fees to Deposit Account No. 06-1450.
